PC-X PX1250

Smart Performance for Modern Business.

Overview

Designed for business environments, offices, educational institutions, and enterprise workloads, the PC-X PX1250 delivers exceptional speed, reliability, and multitasking performance powered by the latest Intel® processors.

Features

Latest Intel® Processors

Powered by Intel® Core i3, i5, and i7 processors for responsive computing and efficient multitasking.

High-Speed SSD Storage

Experience faster boot times, quick file access, and smooth application performance with NVMe SSD technology.

Modern Compact Design

Premium tower chassis with space-saving design suitable for offices, showrooms, and business workstations.

Expandable Configuration

Upgradeable memory and storage options allow future scalability based on your business requirements.

Advanced Connectivity

Equipped with multiple USB ports, HDMI, LAN, Wi-Fi, and Bluetooth connectivity for seamless integration.

Efficient Cooling System

Optimized airflow and thermal management ensure stable performance during extended workloads.

Business Reliability

Designed for long-term business operations with dependable hardware performance and durability.

Category	Specification
Model	PC-X PX1250
Processor Options	Intel® Core i3 / i5 / i7
Generation	Latest Available Intel® Generation
Memory	8GB / 16GB / 32GB DDR4 / DDR5
Storage	256GB / 512GB / 1TB NVMe SSD
Additional Storage	Optional HDD Expansion
Graphics	Intel® Integrated Graphics
Connectivity	Wi-Fi / Bluetooth / Gigabit LAN
Ports	USB 2.0 / USB 3.0 / HDMI / Audio
Operating System	Windows 11 Pro
Chassis Type	Mid Tower
Cooling	Advanced Air Cooling
Power Supply	High Efficiency PSU
Display Support	Single / Dual Monitor Support
Usage Type	Business / Office / Education

CONNECTIVITY

Front:

- USB Ports
- Audio Jack
- High-Speed Data Transfer

Rear:

- HDMI Output
- LAN Port
- USB Connectivity
- Audio Input / Output

Wireless:

- Wi-Fi Connectivity
- Bluetooth Support

DIMENSIONS & DESIGN

Compact tower design engineered to maximize workspace efficiency while maintaining powerful computing performance and professional aesthetics.

IDEAL FOR

- Corporate Offices
- Retail Businesses
- Accounting Systems
- ERP Solutions
- Educational Institutions
- POS Operations
- Business Workstations
- Professional Productivity

SECURITY

- Trusted system architecture
- Stable hardware performance

- Efficient thermal management
- Reliable long-term operation

Notes & Disclaimers

*1 Specifications, features, and performance figures are based on standard testing methods.

*2 Product images and diagrams are for illustration purposes only.

*3 The latest drivers and software can be downloaded from https://printxglobal.com/reservation/ when available.

*4 Monthly duty cycle values are provided as a comparative measure of product durability and do not reflect the actual maximum operational throughput.

*5 Weight excludes certain consumables and accessories.

*6 Consumable yields are tested according to international standardized methods.
